

Atlas-Copco QAS40

GENERAL INFORMATION

ID	24D00079
Make	Atlas-Copco
Type	QAS40
Year	2016
Operating hours	8.882
Construction	Whisper power units
Fuel	Diesel
Weight	1.044 kg
Cylinder count	4
Length	214 cm
Width	96 cm
Height	123 cm

TECHNICAL INFORMATION

DESCRIPTION

Emissions class: Stage IIIA

Are you looking for a reliable and versatile generator? The Atlas Copco QAS 40 offers high performance and is ideally suited for various applications, such as construction sites, events and emergency power supplies.

Key specifications:

Power: 40 kVA (prime)

Engine: Economical and durable diesel engine

Noise level: Quiet design, ideal for environments with noise restrictions

Fuel tank: Large capacity for long periods of use without interruption

Connections: User-friendly connections for easy installation

Dimensions: Compact and easy to transport

Why choose the Atlas Copco QAS 40?

Reliability: Built for continuous use, even in harsh conditions.

Energy efficiency: Low fuel consumption for cost savings.

Flexibility: Suitable for various applications and easy to integrate into your project.

Maintenance-friendly: Quick access to all components for efficient maintenance.

This generator is in excellent condition, fully checked and

ready to use.
