

BBA PT90 B-compact

GENERAL INFORMATION

Make	BBA
Year	2013
Operating hours	16.100
Construction	Piston pumps
Fuel	Diesel
Weight	1.890 kg
Power kw	6
Power hp	8
Length	235 cm
Width	105 cm
Height	155 cm

TECHNICAL INFORMATION

- available with any desired quick coupling.
- Can be used immediately
- in stock!
- PUMPED UP AND READY TO FLOW!
- sand/stone catcher
- self-priming (dry)
- Spare parts available, usually in stock
- Stack frame
- SUPER silent housing (SUPER quiet)
- We provide appropriate documentation for the purpose of Export

DESCRIPTION

The PT piston pump is designed for vertical and horizontal pumping. These positive displacement pumps are self-priming and ideally suited for pumping a mixture of water and air without any restrictions. Moreover, these pumps can run dry carefree, without causing damage or wear to parts.

Key features PT pumps :

- ? Can run dry indefinitely
- ? Excellent priming performance at all capacities
- ? High pump efficiency
- ? Very low maintenance costs
- ? 100% mechanical pump technology
- ? Long service life
- ? Best Return on Investment

Throughput capacity: 90 m³/h
