

Caffini LB80 Caffini LB80 Libellula 1-3 waterpumps

GENERAL INFORMATION

ID	24P00018a
Make	Caffini
Type	Caffini LB80 Libellula 1-3 waterpumps
Year	2024
Construction	Water pumps
Weight	100 kg

TECHNICAL INFORMATION

- available with any desired quick coupling.
- Can be used immediately
- in stock!
- NEW and UNUSED!
- PUMPED UP AND READY TO FLOW!
- Pumping water-thin to highly viscous liquids and/or solid components
- self-priming (dry)
- Spare parts available, usually in stock
- We provide appropriate documentation for the purpose of Export

DESCRIPTION

Caffini libellula This Caffini water pump with 400 V electric motor is often used in construction industry, municipalities, civil engineering. The Caffini libellula diaphragm pumps have always been highly appreciated by their users in the construction and public works sector. The ability to run dry allows the operator to keep the ditch dry, even when it contains mud and suspended solids.

Max yield : 20 m³/h
 Max head : 16 mWK

Available with any connection you require

Throughput capacity: 20 m³/h
 Max. head: 16 MWK
 Weight: 100 kg
