DESCRIPTION

Damages: none

Electric well dewatering pump zd 300

Compared to its big brothers, this ZD 300 has the advantage of its light weight and compactness. The high efficiency of the ZD 300 ensures enormous capacity.

The sturdy, fully galvanized frame is stackable, making the ZD 300 Elektro wellpoint pump easily and safely stackable, up to 3 pumps high on a stable surface, up to 2 pumps high on a truck.

A large sturdy lifting eye - centrally integrated - for easy lifting with a crane. It is also equipped with large integrated forklift socks, which make the pump easy to transport.

This pump is configured as a 220 V machine.

MAX. CAPACITY 25 m³/h
