### DESCRIPTION

Damages: none

This Impulse IP-130 Brussel piston pump is designed for vertical and horizontal dewatering. These positive displacement pumps are self-priming and extremely suitable for pumping a mix of water and air without any restrictions. In addition, this pump can run dry without worry, without causing damage or wear to parts.

Can be supplied with any desired coupling/connection.

MAX: 42 m3 per hour

MAX: 22 MWK

Throughput capacity: 42 m3/h
