DESCRIPTION

Selwood S300 in sound-dampened casing powered by a reliable Perkins engine.

This Selwood S300 pump is one of the best on the market when it comes to solids handling.

The pump is equipped with the Selwood Selprime® system that ensures that the pump is automatically self-priming. The ease of operation of this pump ensures problem-free pumping.

Suitable for :

- untreated and screened sewage water
- sludge or slurry
- water with fine and large solids
- water containing rags and fibers

Max. yield: 1200 m3
