

Sykes CP100 with Perkins

GENERAL INFORMATION

ID	23P00067
Make	Sykes
Year	2011
Operating hours	10.014
Construction	Water pumps
Fuel	Diesel
Weight	1.500 kg
Power kw	30
Power hp	41

TECHNICAL INFORMATION

- available with any desired quick coupling.
- Can be used immediately
- External fuel connection
- in stock!
- PUMPED UP AND READY TO FLOW!
- self-priming (dry)
- Spare parts available, usually in stock
- Supported by van vacuum pump

DESCRIPTION

Damages: none

"New in stock: This powerful Sykes 100CP dirty water pump! With its robust design and high-quality performance, this pump is perfect for various industrial and construction applications.

Thanks to its impressive capacity, the Sykes 100CP dirty water pump can effortlessly move large volumes of dirty water, making it ideal for quickly and efficiently pumping out construction pits, basements, and other areas where water is a problem.

With its reliable motor and durable construction, this pump is designed to deliver long-lasting performance, even under demanding conditions. Moreover, it is equipped with simple controls.

Don't wait any longer and upgrade your machine park today with the Sykes 100CP dirty water pump. Please contact us for more information.

With these Sykes you are guaranteed high-quality performance for all your wastewater disposal needs!"

Max Flow: 235 m3
Max Pressure: 46 MWK
Max dirt passage: 45 mm

Throughput capacity: 235 m3/h
Max dirt passage: 45 mm
Motor brand: Pekins
Max. head: 46 MWK
Weight: 1745 kg
